Co-located with the 34th IEEE International Conference on Software Analysis, Evolution and Reengineering

CALL FOR PAPERS

ASSURE AI

International Workshop on Security Assurance for AI-Assisted Software Engineering

When AI changes code, *what makes it trustworthy?*

FOCUS AREAS

- Vulnerability analysis
- Evidence & validation
- False assurance
- Tools, datasets & benchmarks
- Security testing
- Provenance & auditability
- Human-in-the-loop validation
- Safe repair & refactoring

PAPER SUBMISSION	WORKSHOP LOCATION	WORKSHOP DATE
30 OCT 2026	Richmond Virginia, USA	09 MAR 2027

ORGANIZERS

Karim Elish
Florida Polytechnic University, USA
Organizing Chair

Hamoud Aljamaan
King Fahd University of Petroleum and Minerals, Saudi Arabia
Organizing Co-chair

Willy Susilo
University of Wollongong, Australia
Steering Committee Member

David Mohaisen
University of Central Florida, USA
Steering Committee Member

Mohammad Hammoudeh
King Fahd University of Petroleum and Minerals, Saudi Arabia
Steering Committee Member

Xiaokui Shu
IBM Research, USA
Organizing Co-chair
