

— SANER 2027 WORKSHOP

CALL FOR PAPERS / 01

ASSURE *AI*

International Workshop on Security Assurance
for AI-Assisted Software Engineering

When AI changes code, *what makes it trustworthy?*

Bring your research, tools, datasets, and industry lessons on the evidence needed to confidently review, integrate, and deploy AI-assisted software.

FOCUS AREAS

- ◆ Vulnerability analysis
- ◆ Evidence & validation
- ◆ Tools, datasets & benchmarks
- ◆ Security testing
- ◆ Provenance & auditability
- ◆ Safe repair & refactoring

PAPER SUBMISSION

**23 OCT
2026**

Anywhere on Earth

WORKSHOP LOCATION

**Richmond
Virginia, USA**

Virginia Commonwealth
University

WORKSHOP DATE

**09 MAR
2027**

Co-located with SANER
